YOU'RE NOW EMPOWERED TO PROVIDE BETTER MENTAL HEALTH TREATMENT.

Utah now has a statewide psychiatric phone consult service. **CALL-UP** is a legislative funded program designed to address the limited number of psychiatric services in Utah and improve access to them. HOW WE CAN HELP:

- Optimize primary care providers' ability and confidence to diagnose and treat mild to moderate mental health issues
- Improve quality of care and health outcomes for patients by affording early interventions
- Promote and improve behavioral health and physical health integration
- Ensure appropriate referrals for individuals with serious health concerns

CONSULT HOURS:
