It was difficult for her to get individual access. Aside from access, it was simple to submit, and she received useful update emails on status. However, submitting online did not result in any faster reimbursement.</i></p> <p><i>-Per Noridian, submitting online is not required currently.</i></p> <p><i>-The CMS website has a helpful manual for submitting the Cost Report online that can be downloaded for reference.</i></p> <p>Jackie/Family Healthcare is having an issue with their Medicare WRAP reflecting claim information for another health center. Is anyone else experiencing this issue?</p> <p><i>No others report they are having this problem. Kaitlynn will refer issue to Courtney for further follow up.</i></p>
