

# RN-LED ENCOUNTERS TRAINING SERIES

## OVERVIEW

AUCH partnered with Nurse Education, Practice, Quality and Retention (NEPQR) to take a deep dive into crucial conversations and trainings exploring RNs' impactful role in health centers and the care they provide for patients. This four-part series will discuss:

- Skills and strategies to reduce RN cycle times
- ROI for having an RN practicing in a clinic
- New HEDIS measure and depiction of how to properly conduct an ACP
- The importance of storytelling in medicine when considering the roles of social determinants of health (SDOH)
- A comprehensive look at best RN utilization within the clinic

## WHEN

- Session 1: Reducing Cycle Time and the ROI of an RN in the Clinic  
October 20, 2021, Noon-1:00pm MST
